

Military Surface Deployment and Distribution Command
Customer Advisory
September 27, 2013
CA-13-09/27-0143

Subject: CENTCOM required documentation for OEF Redeployment and Retrograde Cargo.

Purpose: Inform DOD Shipping Community of CENTCOM required documentation for cargo leaving Afghanistan.

Be Advised: Proper documentation is required to continuously improve cargo velocity. A complete transportation request packet includes the TC-AIMS files, Unit Deployment List (UDL), Advanced Transportation Control and Movement Document (ATCMD), and Hazardous Declarations (HAZDEC). All documents are required at the time of submission of booking requests to the 595th Transportation Brigade (Trans BDE) for shipment of cargo. For HAZDEC submissions, see below for further details.

Shipping Instructions and Additional Requirements by Route:

Multi-Modal: Certified HAZDECs meeting International Maritime Dangerous Goods (IMDG) and International Air Transport Association (IATA) standards are required at "time of submission" to facilitate commercial air and sea movements. If TCMDs and HAZDECs are not received at time of submission or if data is missing, SDDC will return the request packet to the shipper without action and report the discrepancy in a Joint Operations Planning and Execution System (JOPES) Newsgroup.

For Dubai: An Environmental, Health and Safety (EHS) memo is also required. HAZDECs and UN Codes are required upon submission of booking requests to the 595th Trans BDE.

For Oman and Aqaba: HAZDECs and UN Codes required upon submission of booking requests to 595th Trans BDE.

Air: HAZDECs and UN Codes required upon submission of booking requests to 595th Trans BDE.

PAKGLOC: Cargo must be certified as "free of hazardous waste material, including depleted uranium ammunition as defined in the Basel Convention

on the control of trans-boundary movement of hazardous waste and the proper disposal of hazardous waste” (Customs Order, 21 July 2012). UN Codes and IMO class are required upon submission of booking requests to 595th Trans BDE. HAZDECs and all required documents are to be provided at the time of pickup of cargo from Forward Operating Bases (FOBs).

Reverse-NDN (Alt Casa Route): Photos of cargo as it is packed inside containers; documentation posted inside and outside of containers cannot express or imply any ownership by the U.S. Government. UN Codes and IMO class required upon submission of booking requests to 595th Trans BDE. HAZDECs and all required documents are to be provided at the time of pick-up of cargo from FOBs.

Reverse-NDN (all routes): UN Codes and IMO class required upon submission of booking requests to 595th Trans BDE. HAZDECs and all required documents are to be provided at the time of pick-up of cargo from

SDDC POC: 595th FOBs. Trans BDE Consolidated Shipping Authority (SDDC); DSN: 318-430-6206; E-MAIL: transcom.arifjan.595-trans-bde.list.595th-csa@mail.mil

OCCASWA POC: Ms. Brenda Pollard, OCCASWA Booking Chief, DSN 318-439-6639 or E-MAIL: brenda.m.pollard.civ@mail.mil .
